Important!-----Recommended gear list:

Only Synthetic fiber layers, i.e. under armor or polypro

1. First layer – under armor or type of snug fitting synthetic fiber base layer for under wetsuit.
2. Second layer - fleece or wool shirt / jacket (goes over wetsuit, but under paddle jacket)
3. Fleece or wool socks & hat + cap with brim
4. Optional neoprene gloves
5. **NO COTTON!!!!**
6. Dry Change of clothes for after that you can take on bus to river, cotton ok.

The above recommendations may seem redundant, but important to have options for all types of weather.

Weather on the Lochsa (May & June) can range from 50-85 degrees, rain or sunshine, be prepared for both!
